

Lismore Public School

Flood remediation works complete | September 2023

Message from the Principal

On behalf of the Lismore Public School learning community, I would like to welcome everyone to our exciting school upgrade. To have our wonderful school back after the devastating floods of 2022 means a lot to the whole school community.

The recent investment in our school with both flood remediation and planned maintenance funds has afforded our students and staff a revamped two level classroom block. The two large classrooms of the lower floor have been modernised with attractive and creative furniture, and opportunities for flexible learning.

We are also excited about our refurbished new hall, which has received new and updated audiovisual equipment and new flooring and acoustic insulation, to maximise our sound experience during performances and hall events, and a new ramp leading to the stage, making it easily accessible to all users and performers.

We have received internal painting and general bathroom refreshment, as well as new lining to our COLA. So, in all we are felling revamped and renewed!

As principal of Lismore Public School since January this year, I acknowledge the input of my predecessors to these outcomes. It has been an honour to be involved in the completion of such a large and important job.

I would like to thank the community for their patience, and I would like to thank all the people involved in delivering these new facilities during such trying times.

Samantha Rowsell
Principal

Remediation is now complete

Flood remediation and planned maintenance works are now complete. These works include a renovated classroom block with new wall linings, cabinetry, windows, and a contemporary fit out, which includes new carpet, pinboards, upgraded lighting, furniture, seating, and desks.

In addition, the canteen has been re-established and the school hall and performance space have been remediated and refurbished with new audio-visual equipment and an accessible stage area.

The school will also benefit from new covered walkways, lining of outdoor learning spaces and internal painting and bathroom refurbishments in non-flood affected buildings.

Modern classroom design

Modern classrooms

Five classrooms have received new carpet, wall linings, paint and finishings. Two flood affected classrooms have been fitted with new open spaced learning layouts and furniture designed to be used in a traditional way, or in learning pods.

Coloured carpet tiles have been laid as individual floor seating to replace floor mats, and the school hall now has modern audio-visual equipment, with pinboards on the walls and stage back for acoustic performance.

Two remediated buildings. New soft fall and play equipment

Remediation and planned maintenance works delivered:

A renovated classroom block of five classrooms with new wall linings, cabinetry, and windows

Contemporary fit outs, including new carpet, pin boards, lighting, furniture, seating and desks for two classrooms

Reestablished canteen

Modern school hall with new flooring, accessible stage, acoustic insulation, and new audiovisual equipment

Covered walkways

New lining to the covered outdoor sports learning area

Three new softfall playgrounds

General carpet and pinboard replacement

General internal painting

General bathroom refurbishment

Replacement of 66 l/m of external security fencing to northwest boundary

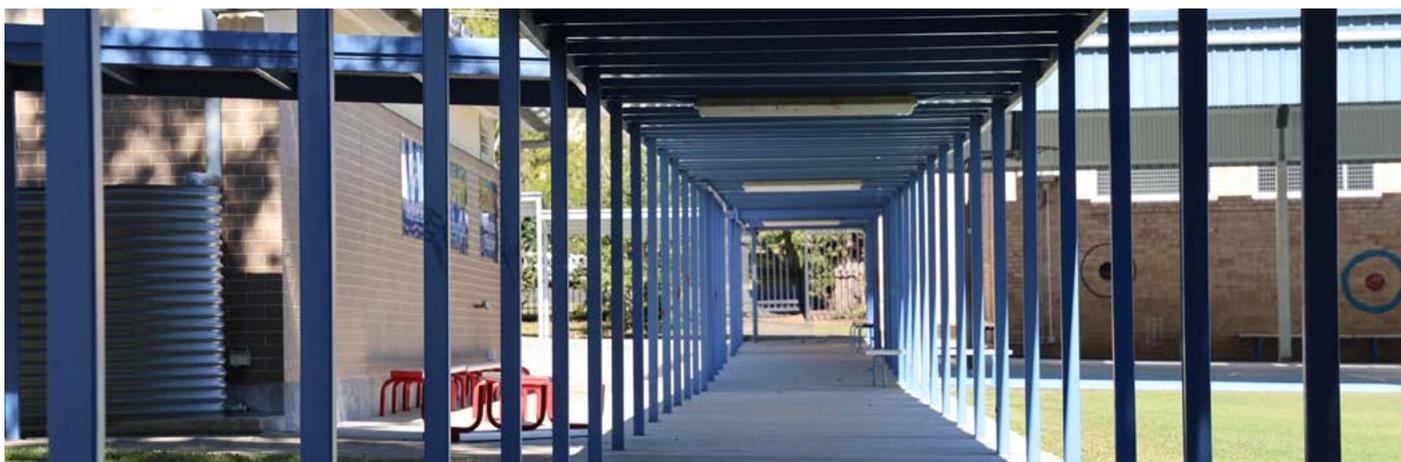

Permanent improved sub-floor ventilation to two major buildings

Remediated canteen

Refurbished hall

New school wide covered walkways

New COLA lining

Thank you

We would like to thank you for your patience as we have delivered these flood remediation and maintenance works to the school. Your support and co-operation has been invaluable and made it possible for us to deliver these new and upgraded facilities for the students and staff of Lismore Public School.
