

Condong Public School

Works notification

April 2022

The NSW Department of Education is coordinating an emergency response effort that is unprecedented in terms of scale and impact. A large number of schools in the Northern Rivers region have damage to either the entire site or some buildings and facilities.

What is happening at Condong Public School?

The whole Condong Public School site has been damaged by flood waters and is currently closed for cleaning and remediation.

Students are currently learning at the Tweed River Jockey club.

Day 1 Term 2

From Day 1 Term 2 students from Condong Public School will no longer be learning at the Tweed River Jockey Club and will begin learning in temporary demountable accommodation at the former Murwillumbah South Infants School site.

Cleaning and remediation work will continue at the Condong Public School site. A project update on this work will be provided in early Term 2.

Hours of work

Works at Condong Public School and at Murwillumbah South will be completed between the hours of 7am-5pm Monday to Saturdays, with no work on public holidays or Sundays.

We are here to make sure that the works are completed safely and efficiently and we will minimise impacts on the community at every opportunity.

What else is happening in the region

The School Infrastructure regional office has inspected all schools in flood impacted areas. We continue to work with emergency response organisations to remove rubbish, clean and secure affected sites.

Many school sites have been able to resume operating, while some students have been relocated to alternative sites so that their learning can continue. Our current priority is to source, deliver, install and handover temporary buildings to accommodate displaced students. The timing of all work and handover of temporary spaces is subject to local weather conditions.

Thank you for your patience while we deliver this important school infrastructure.
