

# Crabbes Creek Public School

## Works notification | 28 May 2025

Dear staff, parents, and carers,

Following the works notification [earlier this term](#) regarding drinking water quality test results for Crabbes Creek Public School, remediation work has now been completed by a qualified and accredited tradesperson.

Re-testing of the affected tap outlets by an independent hygienist has confirmed the results meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the sick bay tap in Building A has now been restored.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
